Beyond Human Logic: The Transcendence of God and the Holy Bible

The concept of God being above logic and the Holy Bible also being above logic because it is written by God, are beliefs held by many people of faith. The Bible is considered a religious text, and its meaning and interpretation can vary according to different people and cultures.

However, there are certain verses in the Bible that may be interpreted as suggesting that God's ways and thoughts are beyond human comprehension, and that the Bible should be understood and interpreted in a special way.

One verse that suggests that God's ways are beyond human understanding is Isaiah 55:8-9, which states, "**For my thoughts are not your thoughts, neither are your ways my ways, declares the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts.**" This verse emphasizes that God's ways and thoughts are vastly different from human ways and thoughts, and that they are not able to be fully understood by humanity. It suggests that God's ways are higher and greater than anything we can comprehend, and that trying to understand them is futile.

Another verse that may be interpreted as suggesting that the Bible should be understood and interpreted in a special way is 2 Timothy 3:16, which states, "**All Scripture is breathed out by God and profitable for teaching, for reproof, for correction, and for training in righteousness.**"

This verse suggests that the Bible is the inspired word of God and should be treated with a

special reverence. It implies that the Bible is not just any ordinary book, but it has been breathed out by God and it has a special purpose. It is not just to be read and understood like any other book, but it is to be studied and interpreted in a way that is different from other books.

Furthermore, the Bible is often considered as the primary source to understand Jesus Christ, our Lord and Savior. It contains teachings, stories, and laws that are central to the Christian faith, including the life and teachings of Jesus, as well as accounts of His miracles and His death and resurrection. The Bible also explains the plan of salvation and how we can have a personal relationship with Jesus Christ through faith and repentance.

One of the key verses that teaches us about Jesus Christ is John 3:16, "**For God so loved the world that He gave His one and only Son, that whoever believes in Him (the Son) shall not perish but have eternal life.**" This verse tells us that God loves us so much that He sent His Son, Jesus Christ, to die for our sins, so that whoever believes in the Son will have eternal life. This verse is often called the "Gospel in a nutshell" because it summarizes the message of salvation and the reason for Jesus' coming to the earth. It also highlights the fact that Jesus is the only way to salvation and eternal life, which is beyond ordinary human comprehension and logic.

Another important verse that teaches us about Jesus Christ is John 14:6, "**Jesus answered, 'I am the way and the truth and the life. No one comes to the Father (God) except through me.'**"

This verse emphasizes that Jesus is the only way to have a relationship with God and to have eternal life. It means that the only way to be reconciled with God is through faith in Jesus Christ. This is a belief that is not based on human logic but on the revelation of God in Jesus Christ.

In conclusion, the Bible teaches us that God is above logic, and His ways and thoughts are beyond human comprehension. It also teaches us that the Bible is above logic because it is written by God and should be understood and interpreted in a special way. The Bible is the primary source to understand Jesus Christ, it teaches us who Jesus Christ is, the relationship of the Son and the Father, and our relationship with the Son and the Father.
