\section{Notation}

$\$i \rightarrow \$$ Book index\\
 $\$j \rightarrow \$$ Chapter index\\
 $\$k \rightarrow \$$ Verse index\\
 $\$B \rightarrow \$$ The Holy Bible\\
 $\$B_i \rightarrow \$$ A Book in the Holy Bible\\
 $\$C_{\{i,j\}} \rightarrow \$$ A Chapter in $\$B_i$ \\
 $\$V_{\{i,j,k\}} \rightarrow \$$ A Verse in $\$C_{\{i,j\}}$ \\
 $\$V_{\{*,*,*\}} \rightarrow \$$ Any Verse in $\$B$ \\
 $\$d_i \rightarrow \$$ A set of disciples\\
 $\$d_{\{i,j\}} \rightarrow \$$ A subset of disciples in $\$d_i$ \\
 $\$d_{\{i,j,k\}} \rightarrow \$$ A disciple in $\$d_{\{i,j\}}$ \\
 $\$s \rightarrow \$$ Spiritual matter\\
 $\$max_T \rightarrow \$$ Maximum true message\\

$\max_T |B_i, s| \rightarrow \max_T$ given B_i and s \\
 $\max_T |s, C_{i,j}| \rightarrow \max_T$ given $C_{i,j}$ and s \\
 $\max_T |s, V_{i,j,k}| \rightarrow \max_T$ given $V_{i,j,k}$ and s \\
 $\max_T |s, V_{*,*,*}| \rightarrow \max_T$ given $V_{*,*,*}$ and s \\
 $\text{rep}(d_i, B_i | s) \rightarrow d_i$ represents B_i given s \\
 $\text{rep}(d_{i,j}, C_{i,j} | s) \rightarrow d_{i,j}$ represents $C_{i,j}$ given s \\
 $\text{rep}(d_{i,j,k}, V_{i,j,k} | s) \rightarrow d_{i,j,k}$ represents $V_{i,j,k}$ given s \\
 $\text{rep}(d_{i,j,k}, V_{*,*,*} | s) \rightarrow d_{i,j,k}$ represents $V_{*,*,*}$ given s

\section{Representation}

$\text{rep}(d_i, B_i | s) = \max_T |s, B_i|$ \\
 $\text{rep}(d_{i,j}, C_{i,j} | s) = \max_T |s, C_{i,j}|$ \\
 $\text{rep}(d_{i,j,k}, V_{i,j,k} | s) = \max_T |s, V_{i,j,k}|$ \\
 $\text{rep}(d_{i,j,k}, V_{*,*,*} | s) = \max_T |s, V_{*,*,*}|$

\section{Questions}

\begin{enumerate}

- \item What are the effects of $\text{rep}(d_i, B_i | s)$, $\text{rep}(d_{i,j}, C_{i,j} | s)$, $\text{rep}(d_{i,j,k}, V_{i,j,k} | s)$, and $\text{rep}(d_{i,j,k}, V_{*,*,*} | s)$?
- \item Is minimal scripture misinterpretation one of the effects?
- \item Among $\text{rep}(d_i, B_i | s)$, $\text{rep}(d_{i,j}, C_{i,j} | s)$, $\text{rep}(d_{i,j,k}, V_{i,j,k} | s)$, and $\text{rep}(d_{i,j,k}, V_{*,*,*} | s)$, which of them has lowest probability of scripture misinterpretation?

\end{enumerate}

\section{Final Note}

\setlength{\parindent}{0pt} I posed the questions in precise language to avoid ambiguity.\\

Answers to these questions will require $\text{rep}(d_i, B_i | s)$, $\text{rep}(d_{i,j}, C_{i,j} | s)$, $\text{rep}(d_{i,j,k}, V_{i,j,k} | s)$, and $\text{rep}(d_{i,j,k}, V_{*,*,*} | s)$ experiments performed in the Church.\\

An ecclesiastical title for these experiments is Discipleship Program.
