More on Knowing Jesus Christ

The Bible is the primary source to understand Jesus Christ, our Lord and Savior. It contains teachings, stories, and laws that are central to the Christian faith, including the life and teachings of Jesus, as well as accounts of His miracles and His death and resurrection. The Bible also explains the plan of salvation and how we can have a personal relationship with Jesus Christ through faith and repentance.

One of the key verses that teaches us about Jesus Christ is John 3:16, "**For God so loved the world that He gave His one and only Son, that whoever believes in Him (the Son) shall not perish but have eternal life.**" This verse tells us that God loves us so much that He sent His Son, Jesus Christ, to die for our sins, so that whoever believes in the Son will have eternal life. This verse is often called the "Gospel in a nutshell" because it summarizes the message of salvation and the reason for Jesus' coming to the earth.

Another important verse that teaches us about Jesus Christ is John 14:6, "**Jesus answered, 'I am the way and the truth and the life. No one comes to the Father (God) except through me.'**"

This verse emphasizes that Jesus is the only way to have a relationship with God and to have eternal life. It means that the only way to be reconciled with God is through faith in Jesus Christ.

In addition, the Bible teaches us that we can have a personal relationship with Jesus Christ through faith and repentance. Romans 10:9-10 says **"If you declare with your mouth, 'Jesus is Lord,' and believe in your heart that God raised Him from the dead, you will be saved. For it is with your heart that you believe and are justified, and it is with your mouth that you profess your faith and are saved."** This verse explains that salvation is obtained through faith in Jesus Christ and the belief in his resurrection, and that it is through faith that one is justified before God.

Furthermore, the Bible also teaches about the attributes of God, which help us understand who God is and how He relates to His creation. Revelation 1:1-8, provides an overview of God's attributes including that He is the Alpha and Omega, the beginning and the ending, the one who is and was and is to come, the Almighty.

In conclusion, the Bible is the primary source to understand Jesus Christ, it teaches us who Jesus Christ is, the relationship of Jesus Christ to God, and our relationship to the Son and the Father. Through reading the Bible, we can learn about the teachings and actions of Jesus Christ and the plan of salvation. We can also have a personal relationship with Jesus Christ through faith and repentance. Furthermore, the Bible also teaches us about the attributes of God which help us understand who God is and how He relates to His creation. It's important to remember that the Bible is not a textbook, it's the word of God, and it's essential for our spiritual growth and understanding of who Jesus Christ is and His purpose.
